OR MONTHS we have been reproducing here in these columns the proof that CEDAR BROOK is the oldest whiskey bottled in bond.

No denial from the trade has been madebecause it is impossible to refute that statement about "the world's finest whiskey"-

W.H.M.BRAYER'S

EDAR BROOK

Bottled in Bond

Most whiskies bottled in bond are only 4 to 5 years old, including all other largely advertised, popular brands.

More 7 to 8-year old W. H. McBrayer's Cedar Brook Whiskey was bottled in bond (2,956,944 bottles) in 1911 in our one Cedar Brook Distillery than all other brands combined, including all advertised, popular brands made in Kentucky, Maryland, Pennsylvania and all over the U. S.-bar none.

On this showing, having bottled more 7 to 8 year-old whiskey last year than all other brands combined, Cedar Brook is therefore the oldest and best on the market-certified also beyond question by Public Taste during three generations.

PRIVATE CURE FOR MEN

I AM FOR MEN

I want you men in whom are sown the seeds of early follies, later excesses or disease, you whose falling memory, lost vigor, wrecked nerves, lame back, disordered stomach, warn you disease is at work undermining your physical, mental and vital powers, to call at my offices and learn of my methods of curing the diseases of men after all others have falled entirely. I make no charge for my counsel, and if I accept your case, will guarantee you a perfect and permanent cure.

CERTAINTY OF CURE IS WHAT YOU WANT

Any man who is diseased and discouraged today has no one to blame but him self. There is now absolutely no excuse for a man to allow himself to gradually waste away in the clutches of a Private Disease. If you are a sufferer from a Disease which you should well know will in time make a total physical wreck of you, you may attribute your present condition to one of two things, viz.: You either have falled through neglect to give yourself the attention which you well know your condition demands, or you have never placed yourself in the hands of a Specialist, Competent and Reliable Specialist. It requires more than ordinary ability to cure any one of the diseases of which I have made a life work and speciality.
